Description

Classroom Monitor is a bespoke pupil progress tracker for British schools in the Middle East. It meets all your local curriculum needs, including Arabic, Islamic and Social Studies. You can track your international benchmark test data alongside your curriculum assessments. And you'll impress school inspectors with perfectly customised, rapid data reports for ADEC, KHDA and other regional inspectorates. Our expert team already works with around 60 leading British schools in the Middle East, and our community is growing fast.
